Smart Analytics, Machine Learning, and AI on GCP

Preparing for the Google Cloud Professional Data Engineer Exam

Jun 10, 2020

Google Cloud Training

Muhammad Zunnurain Hussain

has successfully completed the online, non-credit Professional Certificate

Data Engineering with Google Cloud

This six-course accelerated Professional Certificate is designed for data professionals who are responsible for designing, building, analyzing, and optimizing big data solutions. Learners carried out serverless data analysis and productionize machine learning models. Learners integrated prior technical skills into practical skills for the job role of a Data Engineer.
